

Go. Know. Take Control.

Get an annual check-up, understand your numbers and start on the road to wellness at Cigna.com/takecontrol.

Cigna wants to help you get more out of life. Keeping you healthy is a great place to start. So, we want you to **Go. Know. Take Control.**

GO get your annual check-up.

According to the Centers for Disease Control and Prevention (CDC), Americans only use preventive services at about half the recommended rate, even though preventive care is now 100% covered by insurance under the Affordable Care Act.¹

So before you go for your annual check-up, go to **Cigna.com/takecontrol** to find out what basic services you qualify for, and what additional benefits your plan offers.

KNOW your numbers and how they affect your health.

There are four key numbers that are important indicators of your health.

Blood pressure

A telltale sign for possible heart disease, stroke and kidney disease

Cholesterol

HDL is good. LDL is bad. Keeping them both in check is essential

Blood sugar

A leading determinant for the onset of diabetes

BMI (body mass index)

A key indicator for health risks based on height and weight

25% of adults with diabetes don't know it.²

20% of those with high blood pressure don't know it.³

TAKE CONTROL and put yourself on a path to healthier living.

You want to live life to the fullest. And at Cigna, we want to see you get there. That's why we've gathered together tips, guidance and articles to help you improve your overall health and well-being. So, go ahead, visit **Cigna.com/takecontrol** and put yourself on a path toward a healthier you.

Top Five Things You Can Do To Be Healthier

Be tobacco free.

Be physically active.

Eat a healthy diet.

Get recommended screening tests.

Maintain a healthy weight.
